Foreword ..... **v**

Introduction ..... **vi**

1 Scope **1**

2 Normative references **1**

3 Safety precautions **1**

4 Principle **1**

5 Apparatus and reagents **2**

6 Test specimens **3**
6.1 Preparation **3**
6.2 Number of specimens **3**

7 Leaching procedure **3**

8 Assessment of the level of microbial activity of the soil **4**

9 Procedure **4**

10 Calculation and expression of results **5**

11 Test report **6**

Annex A (normative) **Determination of water holding capacity and water content of the test soil** **7**
A.1 Determination of the water content (WC) **7**
A.2 Correction of water content from a lower to a higher value **7**
A.3 Determination of water holding capacity (WHC) **8**
