## Guide for selection and calibration of dosimetry systems for radiation processing

---

<b>Contents</b>		<b>Page</b>
1	Scope .....	1
2	Referenced documents .....	1
3	Terminology .....	2
4	Significance and use .....	2
5	Dosimeter classes and applications .....	3
6	Selection of dosimetry systems .....	4
7	Analytical instrument calibration and performance verification .....	4
8	Dosimetry system calibration .....	5
9	Interpretation of absorbed dose in a product .....	9
10	Minimum documentation requirements .....	9
11	Measurement uncertainty .....	10
12	Keywords .....	10
Annexes .....		10
Bibliography .....		18
Figure 1 Example of calibration package allowing alanine dosimeters to be placed on either side of thin film routine dosimeters .....		8
Figure 2 Example of calibration package allowing reference standard ampoules and routine dosimeters to be placed adjacent to each other .....		8
Figure 3 Example of calibration package allowing alanine dosimeters and thin-film dosimeters to be irradiated at the same position on the depth-dose curve .....		9
Figure A1.1 Ratios of mass energy absorption coefficients .....		12
Figure A1.2 Ratios of mass energy absorption coefficients--expanded view .....		12
Figure A1.3 Ratios of mass collision stopping powers .....		13
Figure A2.1 Transit dose effect .....		14
Table 1 Examples of reference standard dosimeters .....		3
Table 2 Examples of routine dosimeters .....		3
Table A1.1 Electron mass collision stopping powers .....		10
Table A1.2 Photon mass energy absorption coefficients .....		11

<b>Table A4.1 Alanine/EPR dosimeter .....</b>	<b>15</b>
<b>Table A4.2 Calorimetric dosimetry systems .....</b>	<b>15</b>
<b>Table A4.3 Cellulose acetate dosimeter .....</b>	<b>15</b>
<b>Table A4.4 Ceric cerous sulfate dosimeter .....</b>	<b>15</b>
<b>Table A4.5 Potassium/silver dichromate dosimeter .....</b>	<b>16</b>
<b>Table A4.6 Polymethylmethacrylate dosimeter .....</b>	<b>16</b>
<b>Table A4.7 Ethanol chlorobenzene dosimeter .....</b>	<b>16</b>
<b>Table A4.8 Ferrous sulfate (Fricke) dosimeter .....</b>	<b>16</b>
<b>Table A4.9 Radiochromic liquid dosimeter .....</b>	<b>16</b>
<b>Table A4.10 Radiochromic film dosimeter .....</b>	<b>16</b>
<b>Table A4.11 Radiochromic optical waveguide dosimeter .....</b>	<b>17</b>
