## Leather - Physical and mechanical tests - Determination of resistance to grain cracking and grain crack index

---

| <b>Contents</b>   |                                       | <b>Page</b> |
|---|---------------------------------------|-------------|
| Foreword .....  |                                       | iv          |
| 1   | Scope .....                           | 1           |
| 2   | Normative references .....            | 1           |
| 3   | Principle .....                       | 1           |
| 4   | Apparatus .....                       | 1           |
| 5   | Sampling and sample preparation ..... | 3           |
| 6   | Procedure .....                       | 3           |
| 7   | Expression of results .....           | 3           |
| 8   | Test report .....                     | 4           |
| Annex A (informative) The derivation of a grain crack index ..... |                                       | 5           |
| Annex B (informative) Sources of apparatus .....                  |                                       | 6           |
