

# ISO/ASTM 51276:2002-12 (E)

## Practice for use of a polymethylmethacrylate dosimetry system

---

Contents	Page
1 Scope .....	1
2 Referenced documents .....	1
3 Terminology .....	1
4 Significance and use .....	2
5 Instrument requirements .....	2
6 Performance check of instrumentation .....	3
7 Calibration of the dosimetry system .....	3
8 Procedures .....	4
9 Characterization of each stock of dosimeters .....	5
10 Application of dosimetry system .....	5
11 Documentation requirements .....	5
12 Measurement uncertainty .....	5
13 Keywords .....	6
ANNEX .....	6
Bibliography .....	7
Table A1.1 Basic properties of available dosimeters .....	6
Table A1.2 Some suppliers of polymethylmethacrylate (PMMA) dosimeters .....	6
