Annex A (normative) Specification for equipment used in strapping		23
Annex B (informative) Recommendations for monitoring, checking and verification of tank calibration and capacity table		26
Annex C (informative) Tank calibration data and calculation sheet		32
Annex D (informative) Tank calibration uncertainties		36
Annex E (informative) Tank shell temperature determination		47
Annex F (normative) Gauge tape temperature correction		48

Annex G (informative) Expansion due to liquid head	50
Annex H (normative) Expansion due to temperature	58
Annex I (normative) Certificate of calibration	61
