Foreword iv

Introduction v

1 Scope 1

2 Terms and definitions 1

3 Symbols 3

4 Bias related to instrumental drift 4
4.1 Principle 4
4.2 Stability monitoring 4
4.3 Drift correction 6

5 Bias related to effects of sample composition 10
5.1 Principles 10
5.2 Local bias handling 11
5.3 Bias handling for an extended measuring range 23

6 Treatment of matrix interferences 27

Annex A (normative) Critical values for the trend test 29

Annex B (informative) Uncertainty issues 30

Bibliography 33
