## Gas analysis - Investigation and treatment of analytical bias

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Terms and definitions .....	1
3	Symbols .....	3
4	Bias related to instrumental drift .....	4
4.1	Principle .....	4
4.2	Stability monitoring .....	4
4.3	Drift correction .....	6
5	Bias related to effects of sample composition .....	10
5.1	Principles .....	10
5.2	Local bias handling .....	11
5.3	Bias handling for an extended measuring range .....	23
6	Treatment of matrix interferences .....	27
Annex A (normative) Critical values for the trend test .....		29
Annex B (informative) Uncertainty issues .....		30
Bibliography .....		33
