## Rubber - Analysis by pyrolytic gas-chromatographic methods - Part 2: Determination of styrene/butadiene/isoprene ratio

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Principle .....	1
4	Reagents .....	2
5	Apparatus .....	2
5.1	Extraction apparatus .....	2
5.2	Pyrolysis/chromatography system .....	2
6	Procedure .....	3
6.1	Preparation of calibration curves .....	3
6.2	Analysis of test samples of unknown composition .....	7
7	Interpretation of results .....	7
8	Precision .....	7
9	Test report .....	9
