## Rubber compounding ingredients - Determination of multipoint nitrogen surface area (NSA) and statistical thickness surface area (STSA)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Principle .....	2
4	Apparatus .....	2
5	Reagents .....	3
6	Preparation and calibration of static-volumetric apparatus .....	3
7	Preparation of apparatus .....	4
8	Measurement procedure .....	5
9	Calculation of the nitrogen surface area .....	6
10	Determination of statistical thickness surface area (STSA) .....	7
11	Precision and bias .....	8
12	Test report .....	11
