

DIN EN ISO 13500:2009-02 (E)

Petroleum and natural gas industries - Drilling fluid materials - Specifications and tests (ISO 13500:2008); English version EN ISO 13500:2008

Inhalt	Seite
Foreword	3
Introduction.....	4
1 Scope	5
2 Normative references.....	5
3 Terms, definitions, symbols and abbreviations	5
4 Requirements.....	7
5 Calibration.....	8
6 Packaged material	14
7 Barite.....	16
8 Haematite (hematite)	25
9 Bentonite	33
10 Non-treated bentonite	37
11 OCMA grade bentonite.....	39
12 Attapulgite	43
13 Sepiolite.....	46
14 Technical-grade low-viscosity CMC (CMC-LVT)	49
15 Technical-grade high-viscosity CMC (CMC-HVT)	53
16 Starch	58
17 Low-viscosity polyanionic cellulose (PAC-LV)	62
18 High-viscosity polyanionic cellulose (PAC-HV)	68
19 Drilling-grade xanthan gum.....	74
Annex A (informative) Mineral impurities in barite.....	85
Annex B (informative) Test precision	86
Annex C (informative) Examples of calculations.....	91
Bibliography.....	95
