Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Symbols and abbreviated terms 7

5 Functional specification 7
5.1 General 7
5.2 Functional characteristics 8
5.3 Well parameters 9
5.4 Operational parameters 10
5.5 Environmental service grades (class designation) 10
5.6 Design validation grades 10
5.7 Product functional testing grades 10
5.8 Quality grades 11
5.9 Additional testing 11

6 Technical specification 11
6.1 General requirements 11
6.2 Technical requirements 11
6.3 Design criteria 11
6.4 Allowable design changes 15
6.5 Design verification and validation requirements 16
6.6 Product functional testing requirements 17

7 Supplier/manufacturer requirements 17
7.1 General 17
7.2 Documentation and data control 17
7.3 Product identification requirements 19
7.4 Quality control requirements 20
7.5 Heat treatment requirements 24
7.6 Welding requirements 24
7.7 Non-destructive examination (NDE) requirements 25
7.8 Storage and shipping preparation 25
7.9 Allowable changes after manufacturing 25
7.10 Reconditioning and repair of used running, pulling and kick-over tools and latches 26

Annex A (normative) Requirements for running and pulling tools 27

Annex B (normative) Requirements for kick-over tools 29

Annex C (normative) Requirements for latches 32

Annex D (normative) Side-pocket mandrel tool interface evaluations 35
