Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 Abbreviated terms 10

5 Functional specification 10
5.1 General 10
5.2 Product type 11
5.3 Sand screen parameters 11
5.4 Well parameters 11
5.5 Operational parameters 11
5.6 Environmental compatibility 12
5.7 Compatibility with related well equipment 12
5.8 Design validation grades 12
5.9 Quality grades 12
5.10 Special quality requirements 12

6 Technical specification 13
6.1 General 13
6.2 Technical characteristics 13
6.3 Design criteria 13
6.4 Design verification 13
6.5 Design validation 14
6.6 Design changes 14
6.7 Design validation by scaling 15

7 Supplier/manufacturer requirements 17
7.1 General 17
7.2 Documentation and data control 17
7.3 Product identification 18
7.4 Quality control 18

8 Storage and transport 27
8.1 Storage 27
8.2 Product protection 27
8.3 Transport 27

Annex A (normative) Collapse pressure test 28

Annex B (normative) Burst pressure test 31

Annex C (informative) Sized-bead test method 34

Annex D (informative) Sand control screen illustrations 36

Annex E (informative) Wire-wrap screen illustrations 38

Annex F (informative) Pre-pack screen illustrations 39

Annex G (informative) Metal-mesh screen illustrations 40

Annex H (informative) Increased wire-wrap slot size inspection 41

Bibliography 42
