Foreword ... 4

Endorsement notice ... 4

Introduction ... 5

1 Scope ... 6

2 Normative references ... 6

3 Terms and definitions ... 6

4 Abbreviated terms ... 9

5 System configuration ... 9
5.1 General ... 9
5.2 System requirements ... 11
5.2.1 General ... 11
5.2.2 Installation ... 11
5.2.3 System test ... 13
5.2.4 System quality ... 14
5.3 Equipment requirements ... 15
5.3.1 Selection ... 15
5.3.2 Handling ... 17
5.3.3 Redress ... 17
5.4 Documentation and data control ... 18
5.4.1 General ... 18
5.4.2 Retained documentation ... 18
5.4.3 SSSV redress documentation ... 19
5.4.4 Failure reporting documentation ... 19

Annex A (normative) **SSSV Redress report** (minimum data requirements) ... 20
A.1 General data ... 20
A.2 Redress test summary ... 20
A.2.1 SCSSVs ... 20
A.2.2 SSCSVs ... 20

Annex B (informative) **Installation** ... 21
B.1 General ... 21
B.2 Surface-controlled subsurface safety valve ... 21
B.2.1 Control line — Single completion ... 21
B.2.2 Control line — Multiple completions ... 22
B.3 Surface control system ... 22
B.4 Subsurface-controlled subsurface safety valves — Application to multiple and single completions ... 23

Annex C (informative) **Operations** ... 24
C.1 General ... 24
C.2 Operation and testing ... 24
C.3 Recommendations and required documentation ... 24
C.4 Review and responsibilities of ESD system testing ... 25
C.5 Important information on system shutdown ... 25

Annex D (informative) **Sizing of subsurface-controlled safety valves** ... 26
D.1 General ... 26
D.2 Velocity-type SSCSV ... 26
D.3 Low-tubing-pressure-type SSCSV ... 27
D.3.1 General ... 27
D.3.2 Flowing oil and gas wells ... 27
D.3.3 Gas-lift oil wells ... 28

Annex E (informative) **SSSV Testing** **31**
E.1 Procedure for testing installed surface-controlled subsurface safety valves — Standard depth **31**
E.2 Test procedure for installed surface-controlled subsurface safety valves — Deepwater installations **32**
E.3 Test procedure for installed subsurface-controlled subsurface safety valves **33**
Annex F (normative) **Failure reporting** **34**
F.1 Failure reporting **34**
F.2 Minimum information **34**
Bibliography **36**
