Paper - Determination of light scattering and absorption coefficients (using Kubelka-Munk theory)

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	2
4	Principle	3
5	Apparatus	3
6	Sampling and conditioning	4
7	Preparation of test pieces	4
8	Procedure	4
9	Calculation of results	5
10	Precision	5
11	Test report	6
Annex A (informative) Spectral characteristics of reflectometers for measuring luminance factor		7
Bibliography		9
