ISO 20494:2017-12 (E)

Paper - Requirements for stability for general graphic applications

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Principle 2

5 Sampling 2

6 Requirements for paper stability 2
6.1 Tearing resistance 2
6.1.1 Conditioning 2
6.1.2 Tear testing 2
6.2 Retention of tearing resistance 3
6.3 Alkali reserve 3
6.4 pH value of aqueous extract 3

7 Precision 3

8 Test report 3

9 Statement of compliance 4

10 Related information 4

Annex A (informative) Precision 5

Annex B (informative) Effect of accelerated ageing on optical properties 9

Annex C (informative) International Standards on paper permanence, archival paper permanence and durability, and on stability for general graphic applications 10

Annex D (informative) Accelerated ageing tests 12

Annex E (informative) Statement of compliance 13

Bibliography 14
