| 3 Terms and definitions .....                       | 5           |
| 4 Principle .....                                   | 5           |
| 5 Reagents and materials .....                      | 6           |
| 6 Apparatus .....                                   | 6           |
| 7 Sampling .....                                    | 7           |
| 8 Conditioning .....                                | 7           |
| 9 Preparation of test pieces .....                  | 7           |
| 10 Procedure .....                                  | 7           |
| 10.1 General .....                                  | 7           |
| 10.2 Mounting of the test pieces .....              | 7           |
| 10.3 Exposure to water and blotting .....           | 7           |
| 10.4 Times of test .....                            | 9           |
| 10.5 Rejection of test pieces .....                 | 9           |
| 11 Expression of results .....                      | 9           |
| 12 Precision .....                                  | 10          |
| 13 Test report .....                                | 10          |
| Annex A (informative) Precision .....               | 11          |
| Annex B (informative) Suitable blotting paper ..... | 13          |
| Bibliography .....                                  | 14          |
