National foreword 3

National Annex NA (informative) Bibliography 4

Foreword 5

Introduction 6

1 Scope 7

2 Normative references 7

3 Terms and definitions 7

4 Principle 8

5 Apparatus (see Figure 1) 8

6 Sampling 9

7 Conditioning 10

8 Preparation of test pieces 10

9 Procedure 10
9.1 General 10
9.1.1 Sled orientation 10
9.1.2 Raising and lowering of the sled 11
9.2 Static coefficient of friction at the first slide 11
9.3 Static coefficient of friction at the first slide, static coefficient of friction and kinetic coefficient of friction at the third slide 11

10 Calculation 13
10.1 Static coefficient of friction at the first slide 13
10.2 Static coefficient of friction at the third slide 13
10.3 Kinetic coefficient of friction 14

11 Precision 14

12 Test report 14

Annex A (informative) Symbols and identification system for expression of results 15

Annex B (informative) Summary of experimental conditions for the measurement of friction using the horizontal plane method 17
