Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Principle 2

5 Apparatus 3

6 Specimens 4

7 Calibration of test oven 5
7.1 Temperature and air velocity uniformity 5
7.2 Daily 5

8 Procedures 5
8.1 Procedure for flat textile or other sheet materials 5
8.2 Procedure for protective gloves 6
8.3 Procedure for protective footwear 6
8.4 Procedure for protective helmets and eye or face protection devices 7
8.5 Procedures for small items and accessories on clothing 7

9 Test report 8

Annex A (normative) Temperature uniformity and time constant of hot air circulating oven 9
