Foreword		v
Introduction		vi
1 Scope		1
2 Normative references		1
3 Terms and definitions		1
4 Terms and vocabulary of clothing		1
4.1 General terms and definitions of textile and clothing		1
4.2 Terms and definitions of body dimensions and ergonomics		3
4.3 Terms and definitions of components, materials, finishing		10
4.4 Terms and definitions of design and construction		14
4.5 Terms and definitions of product types		15
4.6 Terms and definitions of test methods, attributes, ageing		16
5 Terms and vocabulary of protective clothing		19
5.1 General terms and definitions of protective clothing		19
5.2 Terms and definitions of product types		20
5.3 Terms and definitions of components and materials		21
5.4 Terms and definitions of risks and hazards		21
5.5 Terms and definitions of test methods		22
6 Terms and vocabulary of protection against heat and flame hazards		22
6.1 General terms and definitions of protection against heat and flame hazards		22
6.2 Terms and definitions of product types		22
6.3 Terms and definitions of components and materials		23
6.4 Terms and definitions of risks and hazards		23
6.5 Terms and definitions of test methods		25
7 Terms and vocabulary of protection against chemical hazards		29
7.1 General terms and definitions of protection against chemical hazards		29
7.2 Terms and definitions of product types		29
7.3 Terms and definitions of components and materials		30
7.4 Terms and definitions of risks and hazards		30
7.5 Terms and definitions of test methods		31
8 Terms and vocabulary of protection against foul weather, wind and cold hazards		34
8.1 General terms and definitions of protective clothing		34
8.2 Terms and definitions of product types		34
8.3 Terms and definitions of components and materials		34
8.4 Terms and definitions of risks and hazards		34
8.5 Terms and definitions of test methods		34
9 Terms and vocabulary of protection against mechanical hazards		34

9.1	General terms and definitions of protection against mechanical hazards	34
9.2	Terms and definitions of product types	35
9.3	Terms and definitions of components and materials	36
9.4	Terms and definitions of risks and hazards	36
9.5	Terms and definitions of test methods	37
10	Terms and vocabulary of protection against infective agent hazards	41
10.1	General terms and definitions of protection against infective agent hazards	41
10.2	Terms and definitions of product types	41
10.3	Terms and definitions of components and materials	41
10.4	Terms and definitions of risks and hazards	41
10.5	Terms and definitions of test methods	41
11	Terms and vocabulary of diving protective clothing	42
11.1	General terms and definitions of diving protective clothing	42
11.2	Terms and definitions of product types	43
11.3	Terms and definitions of components and materials	44
11.4	Terms and definitions of risks and hazards	45
11.5	Terms and definitions of test methods	45
12	Terms and vocabulary of protection against hazards due to lack of visibility	45
12.1	General terms and definitions of protection against hazards due to lack of visibility	45
12.2	Terms and definitions of product types	46
12.3	Terms and definitions of components and materials	46
12.4	Terms and definitions of risks and hazards	46
12.5	Terms and definitions of test methods	46
13	Terms and vocabulary of protection against electrostatic hazards	46
13.1	General terms and definition of protection against electrostatic hazards	46
13.2	Terms and definitions of product types	47
13.3	Terms and definitions of components and materials	47
13.4	Terms and definitions of risks and hazards	47
13.5	Terms and definitions of test methods	47
14	Terms and vocabulary of protection against electrical arc hazards	48
14.1	General terms and definition of protection against electrical arc hazards	48
14.2	Terms and definitions of product types	49
14.3	Terms and definitions of components and materials	49
14.4	Terms and definitions of risks and hazards	50
14.5	Terms and definitions of test methods	50
15	Terms and vocabulary of Selection, Use, Care and Maintenance (SUCAM)	50
16	Terms and vocabulary of electronics	51
Annex A (informative) Index of terms numbers with the corresponding French and German translations	54	
Bibliography	67	
Index	69
