## Clothing for protection against contact with blood and body fluids - Determination of the resistance of protective clothing materials to penetration by blood and body fluids - Test method using synthetic blood

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1 Scope .....		1
2 Normative references .....		1
3 Terms and definitions .....		1
4 Principle .....		2
5 Synthetic blood .....		2
6 Apparatus .....		3
7 Test specimens .....		3
7.1 Selection .....		3
7.2 Preparation .....		4
8 Procedure .....		4
8.1 Preliminary measures .....		4
8.2 Test apparatus setup .....		4
8.3 Test procedure .....		5
8.4 Final cleanup of test apparatus .....		6
9 Test report .....		6
Annex A (informative) Synthetic blood formula .....		9
Annex B (informative) Sources of apparatus .....		10
Bibliography .....		11
