|---------------------|---|-------------|
| Foreword .....      |   | 4           |
| Introduction .....  |   | 5           |
| 1                   | Scope .....   | 7           |
| 2                   | Normative references .....                                  | 7           |
| 3                   | "Terms and definitions" .....                               | 7           |
| 4                   | Hazards .....   | 9           |
| 5                   | Safety requirements .....                                   | 10          |
| 5.1                 | Dimensions .....  | 10          |
| 5.2                 | Material, manufacture and heat treatment .....              | 10          |
| 5.2.1               | Material .....  | 10          |
| 5.2.2               | Welding and trimming .....                                  | 10          |
| 5.2.3               | Heat treatment .....  | 10          |
| 5.2.4               | Surface finish .....  | 10          |
| 5.2.5               | Links inserted in the course of manufacture .....           | 10          |
| 5.3                 | Mechanical properties .....                                 | 11          |
| 5.3.1               | Manufacturing proof force (MPF) .....                       | 11          |
| 5.3.2               | Breaking force (BF) and total ultimate elongation (A) ..... | 11          |
| 5.3.3               | Bend deflection .....                                       | 11          |
| 6                   | Verification of safety requirements .....                   | 13          |
| 6.1                 | !!!Qualification of personnel .....                         | 13          |
| 6.2                 | Material diameter .....                                     | 13          |
| 6.3                 | Condition of chain tested .....                             | 13          |
| 6.4                 | Selection of samples .....                                  | 13          |
| 6.5                 | Static tensile test .....                                   | 14          |
| 6.5.1               | Testing machine .....                                       | 14          |
| 6.5.2               | Tensile test samples .....                                  | 14          |
| 6.5.3               | Procedure .....   | 14          |
| 6.5.4               | Total ultimate elongation (A) .....                         | 14          |
| 6.6                 | Bend test .....   | 14          |
| 6.6.1               | Test equipment .....  | 14          |
| 6.6.2               | Procedure .....   | 15          |
| 6.7                 | Acceptance criteria .....                                   | 15          |
| 6.8                 | Re-tests .....  | 15          |
| 7                   | Marking .....   | 15          |
| 7.1                 | Grade marking .....   | 15          |
| 7.2                 | Manufacturer's marking .....                                | 15          |
| 7.3                 | Additional marking .....                                    | 15          |
| 8                   | Manufacturer's certificate .....                            | 16          |
| 9                   | "Information" for use .....                                 | 16          |
| Annex A (normative) | Requirements for the static tensile test machine .....      | 17          |

|   |           |
|---|-----------|
| <b>Annex B (normative) Requirements for the bend test equipment .....</b>   | <b>19</b> |
| <b>Annex C (informative) Proposed contractual clauses .....</b>   | <b>20</b> |
| <b>C.1 General .....</b>  | <b>20</b> |
| <b>C.2 Inspection .....</b>   | <b>20</b> |
| <b>C.3 Inspection marking .....</b>   | <b>20</b> |
| <b>C.4 Steel makers cast analysis .....</b>   | <b>20</b> |
| <b>Annex ZA (informative) !Relationship between this European Standard and the Essential Requirements of EU Directive 98/37/EC .....</b>  | <b>21</b> |
| <b>Annex ZB (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC .....</b> | <b>22</b> |
| <b>!Bibliography .....</b>  | <b>23</b> |
