Foreword iv

Introduction v

1 Scope 1

2 Terms and definitions 1

3 Components 4
3.1 General 4
3.2 Detectors 4
3.3 Discharge nozzles 5
3.4 Operating devices 5
3.5 Manual actuators 5
3.6 Shutoff devices 5
3.7 Pipe, fittings, tubing and hose 6
3.8 Extinguishing agent 6
3.9 Indicators 6

4 System requirements 6
4.1 General 6
4.2 Use 6
4.3 Applications 6
4.4 System actuation 7
4.5 Supervision 7
4.6 System location 8
4.7 Discharge nozzles 8
4.8 Special requirements 8
4.9 Protection of common exhaust duct 8

5 Test methods 9
5.1 Cooking appliance extinguishing tests 9
5.2 Splash tests 15
5.3 Hood and duct (full scale) extinguishing test 18
5.4 Extinguishing system unit test 20

6 Installation, operation and maintenance instruction manual 22

7 Owner's manual 24

8 Test report 25
