Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Classification 3
4.1 Low-pressure fender types 3
4.2 Initial internal pressure 3

5 Ordering information 3
5.1 Information to the manufacturer 3
5.2 Information from the manufacturer 3

6 Low-pressure fender requirements 3
6.1 Clamped end fender requirements 3
6.2 Moulded end fender requirements 4
6.3 Size requirements 5

7 Performance 5
7.1 Specification of performance 5
7.2 Performance curves 5
7.3 Fender performance 5

8 Performanceconfirmationofprototypefendertest 5
8.1 General 5
8.2 Performance test, parallel compression test 6
8.3 Angular compression test 6
8.4 Durability test 6
8.5 Compression recovery test 7
8.6 Puncture resistance test 7
8.7 Recording condition 7

9 Test and inspection for commercial fenders 7
9.1 General 7
9.2 Test of the fender body material 7
9.3 Dimensional inspection 8
9.4 Air leakage test 8
9.5 Hydrostatic pressure test 8

10 Marking 9

11 Documentation 9

12 Inspectionandevaluationbyaqualifiedindependentinspectionservice 10
