Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2013/53/EU		5
Foreword		6
1	Scope	7
2	Terms and definitions	7
3	Symbols, designations and units	8
4	Measurements	9
4.1	General	9
4.2	Longitudinal	10
4.2.1	General	10
4.2.2	Maximum length, L_{\max}	10
4.2.3	Length of the hull, L_H	10
4.2.4	Waterline length, L_{WL}	13
4.3	Athwartship	14
4.3.1	General	14
4.3.2	Maximum beam, B_{\max}	14
4.3.3	Beam of hull, B_H	14
4.3.4	Beam, waterline, B_{WL}	14
4.3.5	Maximum beam, waterline, $B_{WL\max}$	14
4.3.6	Beam between hull centers, B_{CB}	14
4.4	Vertical	15
4.4.1	Maximum depth, D_{\max}	15
4.4.2	Midship depth, $D_{LWL/2}$	15
4.4.3	Freeboard, F	16
4.4.4	Draught, T	16
4.4.5	Draught, air, H_a	16
4.4.6	Headroom	17
4.5	Other data	17
4.5.1	Deadrise angle, β	17
4.5.2	Reference sail area, A_S	18
4.5.3	Standard sail area, A'_S	18
4.5.4	Windage area, A_{IV}	18
4.5.5	Volume of the craft, V	18
5	Masses	19
5.1	Mass, net shipping, m_N	19
5.2	Mass, gross shipping, m_G	19
5.3	Mass, light craft, m_{LC}	20
5.3.1	Items of equipment included in m_{LC}	20
5.3.2	Items of equipment and other items not included in m_{LC}	21
5.4	Performance test mass, m_P	21
5.5	Mass of the craft when towed on a trailer, m_T	22
5.5.1	General	22
5.5.2	Items of equipment included in m_T	22
5.5.3	Items of equipment not included in m_T	24
5.5.4	Exclusions, inclusions	24
5.6	Maximum load, m_{ML}	24

6	Loading conditions	25
6.1	Test condition.....	25
6.2	Ready-for-use condition.....	25
6.3	Fully loaded ready-for-use condition.....	25
6.4	Empty craft condition.....	25
6.5	Light craft condition.....	26
6.6	Minimum operating condition.....	27
6.7	Loaded arrival condition.....	27
6.8	Maximum load condition.....	27
7	Tolerances	27
7.1	Published data.....	27
7.2	Preliminary specification.....	28
7.3	Reference lengths.....	28
	Bibliography	29
