Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Specification of portable gas detectors for atmosphere testing of enclosed spaces 2
4.1 General requirements 2
4.1.1 Gases required to be measured 2
4.1.2 Method of measurement 3
4.1.3 Basic performance 3
4.1.4 Portability 4
4.2 Sensitivities, indications, and alarms 4
4.3 Robustness and electrical safety 4
4.4 Marking and manual 4
4.4.1 Marking 4
4.4.2 Instruction manual 5
4.4.3 Testing 5
