ISO 21539:2019 (E)

Ships and marine technology — Testing specification for walkways using electrical resistance trace heating

Contents

Foreword

1 Scope

2 Normative references

3 Terms and definitions

4 Design requirements

5 Test method

5.1 Test purpose
5.2 Test facility requirements
5.3 Test conditions
5.3.1 General
5.3.2 Test temperature
5.3.2.1 General
5.3.2.2 Temperature stabilization
5.3.2.3 Temperature sensors
5.3.3 Test wind
5.4 Test specimen requirements
5.4.1 General requirement
5.4.2 Dimension
5.4.3 Installation
5.5 Test procedures
5.5.1 General
5.5.2 Test procedure — Option 1
5.5.3 Test procedure — Option 2
5.6 Pass/fail criteria

6 Test report

Page count: 8
