

ISO 22419:2019 (E)

Ships and marine technology — Testing specification for handrails using electrical resistance trace heating

Contents

	Foreword
1	Scope
2	Normative references
3	Terms and definitions
4	Construction and materials
5	Test method
5.1	Test purpose
5.2	Test facility requirements
5.3	Test conditions
5.3.1	General
5.3.2	Test temperature
5.3.2.1	General
5.3.2.2	Temperature stabilization
5.3.2.3	Temperature sensors
5.3.3	Test wind
5.4	Test specimen requirements
5.4.1	General requirement
5.4.2	Dimension
5.4.3	Installation method
5.5	Test procedures
5.5.1	General
5.5.2	Test procedure — Option 1
5.5.3	Test procedure — Option 2
5.6	Pass/fail criteria
6	Test report
