Plastics - Application of spread of flame test to plastic pipes

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Principle	1
5	Test apparatus	1
6	Test specimen	2
6.1	General	2
6.2	Number of test specimens	2
6.3	Thickness of the test specimen	2
6.4	Rigid pipes	2
6.5	Flexible pipes	4
7	Conditioning of specimens	4
8	Test procedures	4
8.1	General	4
8.2	Additional test procedures for pipes	4
9	Calculation of the test results	5
10	Precision of the test	5
11	Test report	5
Annex A (informative) Example of the test results on plastic pipes		7
