ISO 24682:2024-09 (E)

Ships and marine technology - Technical requirements for "B" class fire-resistant compartment systems of composite mineral wool panel

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Requirements 2
4.1 Materials 2
4.2 Fire resistance 3
4.3 Acoustic insulation 11
4.4 Opening in "B" class division 12
4.4.1 Opening for "B" class fire door 12
4.4.2 Opening for window or balcony door 12
4.4.3 Other openings 12
4.5 Penetration 12
4.5.1 General 12
4.5.2 Pipes 13
4.5.3 Ventilation ducts 13
4.5.4 Electric cables 13
4.6 Tolerance requirements 13
4.7 Appearance 15

5 Inspection 15
5.1 Materials 15
5.2 Fire resistance 16
5.3 Acoustic insulation 16
5.4 Opening 16
5.5 Penetration 16
5.6 Installation tolerance 16
5.7 Appearance 16

Annex A (informative) "B" class composite mineral wool panel 17

Annex B (informative) Typical connection and installation details 18

Annex C (informative) Typical construction of penetrations 24
