

# ISO 18741:2026-02 (E)

## Ship and marine technology - High-manganese austenitic steel - Specification for high-manganese austenitic steel forgings for cryogenic temperature

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Abbreviated terms .....	3
5	Health, safety and quality requirements .....	3
5.1	Health and safety requirements .....	3
5.2	Quality requirements .....	3
6	Material designation .....	4
7	Manufacture .....	4
7.1	Steel making .....	4
7.2	Forging .....	4
8	Chemical composition .....	4
9	Heat treatment .....	5
10	Mechanical properties .....	6
10.1	Preparation of test specimens .....	6
10.2	Extent of testing .....	6
10.3	Mechanical properties .....	7
10.3.1	General .....	7
10.3.2	Tensile testing .....	7
10.3.3	Impact testing .....	7
10.4	Retesting .....	8
11	Inspection .....	8
11.1	General requirements .....	8
11.2	Visual inspection .....	8
11.3	Liquid penetrant inspection .....	9
11.4	Ultrasonic inspection .....	9
11.5	Hydrostatic testing .....	9
12	Repairs .....	10
13	Dimension .....	10
14	Traceability, handling and packing .....	10
15	Documentation .....	10
Bibliography .....		12
