|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| Introduction ..... |   | v           |
| 1                  | Scope .....   | 1           |
| 2                  | Normative references .....                              | 1           |
| 3                  | Terms, definitions and abbreviations .....              | 2           |
| 3.1                | Terms and definitions .....                             | 2           |
| 3.2                | Abbreviations .....                                     | 2           |
| 4                  | Requirements .....                                      | 2           |
| 5                  | Test procedures .....                                   | 2           |
| 5.1                | Outline .....   | 2           |
| 5.2                | Test target .....                                       | 2           |
| 5.3                | Light stability test .....                              | 4           |
| 5.4                | Ozone gas stability test .....                          | 4           |
| 5.5                | Thermal stability test .....                            | 4           |
| 5.6                | Humidity fastness test in high humidity condition ..... | 4           |
| 6                  | Measurement .....                                       | 4           |
| 7                  | Data processing and graph creation .....                | 5           |
| 7.1                | Data processing .....                                   | 5           |
| 7.2                | Calculation of colour difference .....                  | 5           |
| 7.3                | Graph reporting .....                                   | 6           |
| 7.3.1              | General .....   | 6           |
| 7.3.2              | Light stability .....                                   | 7           |
| 7.3.3              | Ozone gas stability .....                               | 8           |
| 7.3.4              | Thermal stability .....                                 | 9           |
| 7.3.5              | Humidity fastness in high humidity conditions .....     | 10          |
| 8                  | Reporting .....   | 11          |
| 8.1                | Internal recording .....                                | 11          |
| 8.2                | Reporting for external communications .....             | 12          |
| Bibliography ..... |   | 14          |
