Foreword iv

Introduction v

1 Scope 1

2 Normative references 2

3 Terms and definitions 2

4 Cutting tools for milling machine tools and machining centres 2
4.1 Header and references 2
4.2 Syntax of milling machine cutting tools 3
4.2.1 Milling machine cutting tools 3
4.2.2 Cutting component 3
4.2.3 Hand of cut type 4
4.3 Catalogue of milling machine cutting tools 4
4.3.1 Drilling cutting tool 4
4.3.2 NC spot drill (centredrill) 4
4.3.3 Counterbore 5
4.3.4 Countersink 5
4.3.5 Twist drill 5
4.3.6 Tapered drill 5
4.3.7 Spade drill 6
4.3.8 Step drill 6
4.3.9 Milling cutting tool 6
4.3.10 Facemill 7
4.3.11 Shouldermill 7
4.3.12 Endmill 7
4.3.13 Ballnose endmill 7
4.3.14 Bullnose endmill 8
4.3.15 Profiled endmill 8
4.3.16 T-slot mill 8
4.3.17 Dovetail mill 8
4.3.18 Side mill 9
4.3.19 Thread mill 9
4.3.20 Reaming cutting tool 9
4.3.21 Combined drill and reamer 10
4.3.22 Tapered reamer 10
4.3.23 Rotating boring cutting tool 10
4.3.24 Tapping cutting tool 11
4.3.25 Combined drill and tap 11
4.4 End of schema 11

Annex A (normative) EXPRESS listing 12

Annex B (informative) Tool body illustrations 16

Annex C (informative) EXPRESS-G diagram 19
