

DIN EN ISO 10773:2011-08 (E)

Clay geosynthetic barriers - Determination of permeability to gases (ISO 10773:2011)

Contents		Page
Foreword.....		3
1	Scope	4
2	Normative references	4
3	Principle.....	4
4	Apparatus	4
4.1	General.....	4
4.2	Loading device.....	4
4.3	Test cell.....	5
4.4	Device for applying inlet gas pressure.....	6
4.5	Device for measuring gas flow.....	6
5	Samples	6
6	Testing procedure.....	6
6.1	Preparation and characterisation of samples.....	6
6.2	Specimen set-up	7
6.3	Flow measurement	7
6.4	Analysis of the specimen.....	7
7	Calculation of the index flow $GFI_{110/15}$	8
8	Test report	8
Annex A (informative) Test cell for clay geosynthetic barrier specimens with plane and parallel surfaces		10
