ISO 12960:2020-05 (E)

Geotextiles and geotextile-related products - Screening test methods for determining the resistance to acid and alkaline liquids

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Principle **1**

5 General requirements and procedure **2**

5.1 Apparatus 2

5.2 Reagents and materials 2

5.3 Test temperatures 2

5.4 Test duration 2

5.5 Sampling and preparation of test specimens 3

5.6 Procedure 3

5.6.1 Quantity of test liquid 3

5.6.2 Positioning of specimens 3

5.6.3 Control specimens 3

5.6.4 Rinsing, wiping and drying 3

5.7 Determination of changes in properties 3

6 Test report **4**

Bibliography **5**
