

ISO/TR 18228-6:2023-12 (E)

Design using geosynthetics - Part 6: Protection

Contents	Page
Foreword	iv
Introduction	v
1 Scope	1
2 Normative references	1
3 Terms, definitions and symbols	1
3.1 Terms and definitions	1
3.2 Symbols	1
4 Concepts and fundamental principles	1
5 Design approaches for protection	3
6 Laboratory testing for protection	6
6.1 General.....	6
6.2 Index testing.....	6
6.2.1 Burst strength and elongation (ISO 12236).....	6
6.2.2 Tear strength (ISO 9073-4).....	6
6.2.3 Mass (ISO 9864) and thickness (ISO 9863-1).....	6
6.2.4 Needle free.....	6
6.3 Field testing.....	6
6.4 Performance-index testing.....	7
6.4.1 General.....	7
6.4.2 Undertaking and reporting of the cylinder test.....	7
7 Handling and installation	11
8 Identification	12
Bibliography	13
