

DIN SPEC 91349:2017-03 (E)

Taxonomy of Rules and Regulations in Smart Data; Text in English

Inhalt	Seite
Foreword	4
Introduction.....	5
1 Scope.....	5
2 Terms and definitions.....	6
3 Fields of Standardization	8
3.1 General.....	8
3.2 Core Fields of Standardization	9
3.2.1 General.....	9
3.2.2 Technical fields	9
3.2.3 Economic fields	9
3.2.4 Legal fields.....	9
3.3 Additional fields.....	10
4 Data Value Chain.....	10
4.1 General.....	10
4.2 Steps of the Data Value Chain	10
4.3 Common aspects	11
5 Representation and refinement	11
5.1 General.....	11
5.2 Basic representation	11
5.3 Limitation to fewer sections	11
5.4 Refinement	11
6 Template for the description of rules and regulations	12
6.1 General.....	12
6.2 Properties in the template	12
6.3 Further specification of the properties	14
6.4 Representation.....	15
7 Application scenarios and example use cases	16
7.1 General.....	16
7.2 Cataloguing rules and regulations	16
7.3 Finding relevant rules and regulations	16
7.4 Identifying gaps in standardization	17
Annex A (informative) Related activities	18
A.1 European Union/European Commission	18
A.2 Big Data Value Association.....	18
A.3 NIST Big Data Interoperability Framework.....	18
A.4 Other activities.....	19
Annex B (informative) Examples of Fields of Standardization	20
Annex C (informative) Examples of the Data Value Chain	22
C.1 Variation on data types	22
C.2 Example of a Data Value Chain for textual data.....	22
C.3 Example of a Data Value Chain on sensor data	23
Annex D (informative) Examples of representations.....	24

Annex E (normative) Types for the description of rules and regulations	25
E.1 Basic types	25
E.2 Types given by standards	25
E.3 Structured types	25
E.4 Controlled vocabulary	26
E.4.1 Status	26
E.4.2 Field of standardization	26
E.4.3 Step of the Data Value Chain	27
Annex F (informative) Examples of the template for the description of rules and regulations.....	28
F.1 General	28
F.2 Resource Description Framework (RDF)	28
F.3 Web Ontology Language (OWL).....	30
F.4 MapReduce	33
F.5 EU General Data Protection Regulation (EU-GDPR).....	35
F.6 ISO SQUARE standard (ISO 25012)	36
Annex G (informative) Examples of application	38
G.1 Setting	38
G.2 Use of rules and regulations	38
G.2.1 Technical fields	38
G.2.2 Economic fields	38
G.2.3 Legal fields.....	38
G.3 Classification.....	39
