DIN SPEC 91441:2019-12 (E)

Packaging - Test method for det ermination of the peel strength of sealable packaging materials

Contents

Page

Foreword ... 3

Introduction ... 5

1 Scope ... 7

2 Normative references ... 7

3 Terms and definitions ... 7

4 Principle ... 12

5 Test method ... 12
5.1 Apparatus and test setup ... 12
5.2 Test samples ... 15
5.2.1 Sampling, number of samples and test samples ... 15
5.2.2 Conditioning ... 15
5.3 Test parameters ... 15
5.3.1 Test atmosphere ... 15
5.3.2 Pull-off angle ... 16
5.3.3 Pull-off speed ... 16
5.3.4 Preliminary force ... 16
5.3.5 Data logging rate ... 16
5.4 Procedure ... 16

6 Evaluation ... 16

7 Test report ... 19

Annex A (informative) Explanation of the test setup ... 20
A.1 Angular consistency ... 20
A.2 Calculation of separating path from test path ... 21

Bibliography ... 23
