| 4.2.3 Battery and alternator .....                                                                | 11 |
| 4.2.4 Electrical installation.....                                                                | 12 |
| 4.2.5 Visual warning system and audible warning system (siren) .....                              | 13 |
| 4.2.6 Reversing systems .....                                                                     | 13 |
| 4.2.7 Exterior illumination lights.....                                                           | 13 |
| 4.3 Vehicle body.....                                                                             | 14 |
| 4.3.1 Fire safety.....                                                                            | 14 |
| 4.3.2 Driver's seat configuration .....                                                           | 14 |
| 4.3.3 Minimum passenger capacity .....                                                            | 14 |
| 4.3.4 Bulkhead .....                                                                              | 15 |
| 4.3.5 Openings (doors, windows, emergency exits) .....                                            | 15 |
| 4.3.6 Loading area.....                                                                           | 16 |
| 4.4 Patient's compartment.....                                                                    | 18 |
| 4.4.1 General.....                                                                                | 18 |
| 4.4.2 Safety .....                                                                                | 18 |
| 4.4.3 Hygiene .....                                                                               | 18 |
| 4.4.4 Patient's compartment dimensions .....                                                      | 19 |
| 4.4.5 Patient and crew seating .....                                                              | 24 |
| 4.4.6 Ventilation and anaesthetic gas scavenging systems.....                                     | 25 |
| 4.4.7 Temperature control system .....                                                            | 25 |
| 4.4.8 Interior lighting .....                                                                     | 26 |
| 4.4.9 Interior noise level .....                                                                  | 26 |
| 4.4.10 Holding system for infusion .....                                                          | 26 |
| 4.4.11 Retention, fixation and restraint systems.....                                             | 27 |
| 4.4.12 Mass reserve .....                                                                         | 27 |
| 5 Testing.....                                                                                    | 27 |
| 5.1 General.....                                                                                  | 27 |
| 5.2 Testing of the interior noise level .....                                                     | 27 |
| 5.2.1 Specific measurement conditions .....                                                       | 27 |
| 5.2.2 Measurements.....                                                                           | 28 |
| 5.3 Testing of retention systems and fixation of the equipment in the patient's compartment ..... | 28 |
| 5.3.1 General.....                                                                                | 28 |
| 5.3.2 Testing of the stretcher fixation on the vehicle floor .....                                | 30 |
| 5.3.3 Testing of the medical devices fixation .....                                               | 30 |
| 5.3.4 Testing of furniture .....                                                                  | 30 |

|                        |                                                                                                                                       |    |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------|----|
| 5.3.5                  | Test procedure .....                                                                                                                  | 31 |
| 5.4                    | Testing of rounded edges and radius inside the patient's compartment.....                                                             | 32 |
| 5.4.1                  | Testing of rounded edges.....                                                                                                         | 32 |
| 5.4.2                  | Testing of radius inside the patient's compartment.....                                                                               | 33 |
| 5.5                    | Procedure to verify the patient's compartment specifications .....                                                                    | 33 |
| 5.6                    | Procedure to verify the loading area specifications .....                                                                             | 33 |
| 5.6.1                  | General .....                                                                                                                         | 33 |
| 5.6.2                  | Procedure to verify the loading angle of 16° .....                                                                                    | 33 |
| 5.7                    | Procedure to verify the dimensions of the patient's compartment .....                                                                 | 35 |
| 5.7.1                  | Type A and B road ambulances.....                                                                                                     | 35 |
| 5.7.2                  | Type C road ambulances .....                                                                                                          | 35 |
| 5.8                    | Procedure to verify the seats dimensions of the patient's compartment .....                                                           | 36 |
| 5.9                    | Testing of the ventilation system.....                                                                                                | 36 |
| 5.10                   | Testing of the heating system.....                                                                                                    | 37 |
| 5.11                   | Testing of the cooling system .....                                                                                                   | 37 |
| 5.11.1                 | Test procedure .....                                                                                                                  | 37 |
| 5.11.2                 | Testing of independent air conditioning system .....                                                                                  | 38 |
| 5.12                   | Testing of interior lighting .....                                                                                                    | 38 |
| 5.13                   | Testing of infusion holding system .....                                                                                              | 38 |
| 6                      | Equipment and medical devices.....                                                                                                    | 39 |
| 6.1                    | Provision of medical devices .....                                                                                                    | 39 |
| 6.2                    | Medical devices storage.....                                                                                                          | 39 |
| 6.3                    | Requirements for medical devices.....                                                                                                 | 39 |
| 6.3.1                  | General .....                                                                                                                         | 39 |
| 6.3.2                  | Temperature .....                                                                                                                     | 39 |
| 6.3.3                  | Humidity and ingress of liquids .....                                                                                                 | 39 |
| 6.3.4                  | Mechanical strength .....                                                                                                             | 39 |
| 6.3.5                  | Fixation of devices.....                                                                                                              | 40 |
| 6.3.6                  | Electrical safety .....                                                                                                               | 40 |
| 6.3.7                  | User interface.....                                                                                                                   | 40 |
| 6.3.8                  | Gas installation.....                                                                                                                 | 40 |
