## Hydraulic fluid power - Assembled systems - Verification of cleanliness

---

| <b>Contents</b>                                                                                                                                         |  | <b>Page</b> |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|--|-------------|
| Foreword .....                                                                                                                                          |  | iv          |
| Introduction .....                                                                                                                                      |  | v           |
| 1 <b>Scope</b> .....                                                                                                                                    |  | 1           |
| 2 <b>Normative references</b> .....                                                                                                                     |  | 1           |
| 3 <b>Terms and definitions</b> .....                                                                                                                    |  | 1           |
| 4 <b>Test equipment</b> .....                                                                                                                           |  | 2           |
| 5 <b>Sampling</b> .....                                                                                                                                 |  | 2           |
| 6 <b>Test procedure</b> .....                                                                                                                           |  | 2           |
| 7 <b>Criteria for acceptance</b> .....                                                                                                                  |  | 4           |
| 8 <b>Test report</b> .....                                                                                                                              |  | 4           |
| 9 <b>Identification statement (reference to this Technical Specification)</b> .....                                                                     |  | 4           |
| <b>Annex A (informative) Form for reporting the verification of the cleanliness level of an assembled hydraulic system</b> .....                        |  | 6           |
| <b>Annex B (informative) Example of a completed form for reporting the verification of the cleanliness level of an assembled hydraulic system</b> ..... |  | 7           |
| <b>Bibliography</b> .....                                                                                                                               |  | 8           |
