ISO/IEC/ITU Internet of Things (IoT) Workshop

13 May 2016

Hosted by DIN Deutsches Institut für Normung e.V.

Am DIN-Platz, Burggrafenstrasse 6, 10787 Berlin, Germany

Gain insights into ISO, IEC and ITU ongoing developments in the area of IoT
Examine and discuss how the IoT will impact your sector
Share your sector's needs and expectations of the IoT
Network with colleagues from committees in other sectors

WORKSHOP PROGRAMME

09:00 – 09:15	**Welcome and Introduction** *Volker Jacumeit, Head of Technical Group, DIN*
09:15 – 09:30	**Expectations from Workshop** *Karen Higginbottom, Director of Standards, HP Inc. & Chair, ISO/IEC JTC 1*
09:30 – 10:00	**Overview of IoT Activities in ISO** *Henry Cuschieri, Technical Group Manager, ISO*
10:00 – 10:30	**Overview of IoT Activities in IEC** *Gilles Thonet, Head of ICT Standards, IEC*
Break	
11:00 – 11:30	**Overview of IoT Activities in ITU** *Marco Carugi, Consultant, NEC & Rapporteur, ITU-T SG 20*
11:30 – 12:30	**IoT Perspectives from Different Sectors** **Smart Energy** *Richard Schomberg, VP Smart Grids, EDF & Chair, IEC SyC Smart Energy* **Smart Cities** *Paolo Gemma, Senior Specialist, Huawei & Cristina Bueti, Advisor, ITU-T SG 20* **Industry 4.0 / Smart Manufacturing** *Detlef Tenhagen, Head of Technology Development, Harting Electric* **Healthcare** *Jean-David Miquel, Chairman, Monitorlinq* **Wearables** *Kate Grant, Owner, Nine Tiles*
Lunch	
14:00 – 15:00	**Panel on IoT Applications** *Morning speakers will discuss what is needed from the standardization community to better engage their sector into the IoT – Moderated by Karen Higginbottom*
15:00 – 15:30	**Wrap up and Conclusions** *Karen Higginbottom, Director of Standards, HP Inc. & Chair, ISO/IEC JTC 1*
