

# ISO/IEC/ITU Internet of Things (IoT) Workshop

13 May 2016

Hosted by  
**DIN Deutsches Institut für Normung e.V.**  
Am DIN-Platz  
Burggrafenstrasse 6  
10787 Berlin, Germany

*Gain insights into ISO, IEC and ITU ongoing developments in the area of IoT  
Examine and discuss how the IoT will impact your sector  
Share your sector's needs and expectations of the IoT  
Network with colleagues from committees in other sectors*

## PRELIMINARY WORKSHOP PROGRAMME

- 09:00 – 09:15    **Welcome and Introduction to the Workshop**
- 09:15 – 09:50    **Keynote: IoT from Germany's Perspective**
- 09:50 – 10:30    **IoT Activities in International Standards Organizations**  
Overview of IoT Activities in ISO  
Overview of IoT Activities in IEC
- Break*
- 11:00 – 11:45    **IoT Activities in International Standards Organizations**  
Overview of IoT Activities in ISO/IEC JTC 1  
Overview of IoT Activities in ITU
- 11:45 – 12:30    **Current IoT Standardization Landscape**  
Summary, Open Discussion, Q&A
- Lunch*
- 14:00 – 15:00    **IoT Perspectives from Different Sectors**  
Smart Energy  
Smart Cities  
Industry 4.0  
Intelligent Transportation  
Healthcare  
Wearables
- 15:00 – 15:45    **Panel Discussion on IoT Standardization**  
Q&A
- 15:45 – 16:00    **Wrap up and Next Steps**
